Molly Crow Church Hill	While I agree that there needs to be more low income housing in Church Hill, all of the green space is quickly disappearing. Climate change is a huge issue and having green space with more trees would be great.
Miranda C Church Hill	I want to know where the Friends business is planning on parking their huge vans. Or where the workers are going to park their cars. In front of our homes? Is Friends going to move? How can a business like that operate with no parking?
